PLANKS TILES

Maintaining authenticity is a challenge indeed for many; especially when it involves replicating wooden floor designs. Wooden surfaces come with their own individual characteristics, a product of environmental conditions that induce unique patterns found in tree trunks. The uniqueness of such patterns pose a 'unique' challenge to us, which we have taken with stride. Not only we ensure the quality and aesthetics of designs, but also the resultant feel if one were walking upon a genuine wooden floor. With superb tile printing techniques, we have come up with unique designs, keeping in mind customer preferences and choices, as also to provide a heady mix of different sizes and design ranges to choose from. For those with a distinct taste for wooden flooring, our collections will surely invite a ponderous gaze that doesn't cease to stop.
